Base support level adjustments [A.R.S. §§15-943 & 15-185]

1. ☐ Check box if the school has been approved to provide 200 days of instruction by ADE.
   A.R.S. §15-902.04 allows schools that provide 200 days of instruction to increase the base level amount by 5 percent. To be eligible for this increase in funding, the school must be approved for 200 days of instruction by ADE and its sponsor. Schools must receive approval from ADE for FY 2024 prior to June 1, 2023. Please contact ADE's School Finance account analyst team by email with questions concerning 200 days of instruction at SFAnalystTeam@azed.gov.

2. Decrease for federal and State monies received for M&O purposes $ _____
   Enter the amount received from federal or State agencies for basic maintenance and operation of the school (except for ESEA Title VIII). Do not include federal or State grants that are received for a specific purpose. (A.R.S. §15-185)

   In accordance with A.R.S. §15-185(P), the Auditor General has determined that the following federal monies meet the definition of "monies intended for the basic maintenance and operations of the school" (as referred to in that subsection), that must be used to reduce the base support level and State equalization assistance, as directed by A.R.S. §15-185(D). This list is not necessarily all-inclusive. The Auditor General may determine in the future that other federal or State grants meet the definition of "monies intended for the basic maintenance and operations of the school."

   1. Indian School Equalization Program entitlements received for:
   - Instructional costs (basic program, gifted & talented programs, and small school adjustment)
   - Bilingual instruction costs (supplemental programs–bilingual program)
   - Exceptional child education costs (exceptional child programs)
   - Student Transportation Fund costs
   - School Board Training Fund costs (school board supplement)

   Indian School Equalization Program entitlements received for boarding costs, dormitory costs, intense residential guidance costs, and pre-kindergarten costs would not be subject to the reduction.

   2. Administrative cost grant entitlements received.

3. FY 2022 nonfederal audit service actual expense $ 15,125.00
   Schools must include audit costs for FY 2024 under "Selected expenses by type" on Budget page 2 to receive this increase. Enter the amount expended for audit services in FY 2022 from nonfederal monies to obtain the allowable increase in BSL for the budget year. Do not include the costs of consulting or other nonaudit services paid to audit firms (e.g., application fees paid for submission of school's reports to ASBO and GFOA for certification or for the preparation of the Meritorious Budget Award application to ASBO). A.R.S. §15-914(F) allows schools to increase their base support levels if audit costs will be incurred for the budget year.

4. FY 2022 federal audit service actual expense $ _____
   Enter the amount expended for audit services in FY 2022 from federal monies. Do not include the costs of consulting or other nonaudit services paid to audit firms (e.g., application fees paid for submission of school's reports to ASBO and GFOA for certification or for the preparation of the Meritorious Budget Award application to ASBO).

5. Adjustment for remote instructional time [A.R.S. §15-901.08] $ _____
   This line should be left blank for budget adoption. If a school provides instructional time in a remote setting beyond the thresholds prescribed in A.R.S. §15-901.08(C)(3)(b)(i) in any school year, ADE shall calculate the total percentage of remote instructional time that exceeded the threshold and fund that percentage of the base support level at 95 percent of the base support level that would otherwise be calculated for the school. ADE will notify schools of the adjustment amount, if any. Enter the amount provided by ADE, if any, as a negative number.

Cover	General	These instructions will help charter schools prepare the budget. Within the forms, blue font and light blue highlights indicate that an instruction is linked to that specific line. We have provided an instructions button that links to any general instructions or to the first instruction for a page. The forms have been set to print without "objects" so that the instructions buttons do not print. The cells in the prior year columns on the budget forms contain formulas that will bring forward budget amounts from the FY 2023 budget forms. However, the cells have not been protected so users may also enter the information manually. To bring forward amounts automatically, the most recently revised FY 2023 budget must be saved as budget23.xls in the C:\CSFORMS folder. If the file is not named budget23.xls, the formulas will not function properly. Excel will ask the user to update information when the budget24.xlsx file is opened. Users should review amounts reported in the prior year column to ensure they agree to the school's most recently revised FY 2023 budget. Schools should complete the Data Entry page before completing pages 1 through 4. To ensure that the Arizona Department of Education (ADE) can properly access the school's data, do not change formulas without specific instructions from either the Arizona Auditor General's Office, Accountability Services Division, or ADE, School Finance.
Cover	CTDS number	This cell will only accept entries of 9 digits. Do not include any slashes, dashes, etc. Enter the school's CTD number plus 3 zeros.
Cover	Version	The version of the budget being submitted on the cover page is formatted with a drop-down menu. Select the appropriate choice from the menu: Proposed, Adopted, or Revised (including the revision number). Enter only menu choices in the cell. All information on the cover page must be completed/updated when the proposed, adopted, or revised budget is printed out for the Governing Board to sign. All information, excluding the revenue information, must also be updated when the budget is revised.
Cover	Estimated revenues	Base estimated revenues by source for FY 2024 on the best information available at the time the budget is prepared. Estimated revenues may be more or less than estimated expenses.

Page	Reference	Instruction
Cover	Average teacher salary	In accordance with A.R.S. §15-189.05, a school's budget shall include the prominent display of the average salary of all teachers the school employed for the budget and prior years, and the increase in the average salary of all teachers the school employed for the budget year reported in dollars and percentage. Schools must also prominently post this information on their home page separately from its budget. The statute does not provide a definition of a teacher. Each charter should be consistent in the type of salary information included in this table from year to year. An optional comment box is available to provide any additional detail regarding the average teacher salary calculation. Schools should revise the average teacher salary information anytime it submits a revised budget to ADE.

1	Employee benefits	Schools participating in the Arizona State Retirement System should budget at the rate of 12.29 percent for covered positions. For positions subject to the Alternate Contribution Rate, schools should budget at the rate of 9.99 percent.
2	Federal and State projects	Separate accountability is required for each federal and State project. Therefore, charter schools should estimate the expenses for each federal or State project in which the school participates. The totals on line 32 should agree with the total columns for federal and State projects on line 37 of page 1. A.R.S. §15-1261 requires charter schools to establish an E-rate Project to account for any E-rate funding the school receives. The remainder of any bonus monies received from this program must be allocated by the school principal on behalf of students who receive a passing score and may be used for teacher professional development or student instructional support, reimbursement of exam fees, or instructional materials.
2	Arizona Industry Credentials Incentive	Schools that receive monies from the Arizona Industry Credentials Incentive Project per A.R.S. §15-249.15 should deposit them as a separate State project using project object code beginning with 14XX. Monies received must be used for instructional costs and professional development for a career technical education program teacher to become a certifying professional for an approved certificate, credential or license; to offset the students' cost of certification, credentialing or licensure; for developmental costs related to creating, expanding or improving an approved site of a certificate, credential or license career technical program or course; for instructional hardware, software or supplies required for the certification, credentialing or licensure; for career exploration in any school grade and awareness activities for parents, students and the community for the approved sectors.

Schools must report on their budget the amount of State equalization assistance that will be expended for their food service program during the 2024 school year. This amount will be used to determine school compliance with State matching requirements pursuant to CFR Title 7, §210.17(a). ADE's Health and Nutrition Services will verify that the amount reported on the budget was reported as spent when schools' annual financial reports are submitted.
